Subject: Support for Airport Expansion

11/13/2005 08:34 AM

To Whom It May Concern:

As a customer who regularly utilizes the Long Beach Municipal Airport, I strongly urge prompt review and approval of the Draft EIR and movement with immediate construction of modern, spacious facilities at the airport.

Today's temporary trailer facilities behind the historic terminal building are inadequate, as noted by the EIR, for the current and expected passenger traffic. Only prompt approval of the EIR and initiation of development and construction will alleviate the current situation.

Sincerely,

Robert C. Land
